NASS Advanced Special and AP Headship Development Programme

This programme is being run for NASS member schools. Non NASS members are also able to apply. The programme is being run jointly by NASS and The Mulberry Bush.

It aims to provide additional professional nourishment and inspiration for those Headteachers who have been in the profession for longer than 3 years.

Led by our very experienced tutors, the programme builds on the success of our School Improvement Partner and Nurturing New Headteacher courses. It includes face-to-face training, the latest educational research, virtual coaching and mentoring, and peer to peer

project work. There is a clear focus on building a network with like-minded professionals. Through providing the most up to date training and support, the programme intends to re-energise and support Headteachers in developing the crucial next steps for themselves and their school.
